Pioneer Pipe / Pioneer Group

Our Location - Marietta, Ohio

Pioneer Pipe / Pioneer Group

Background

Pioneer is one of the largest full-service construction, maintenance, and fabrication companies in the Midwest, specializing in general, structural, mechanical, and electrical construction, pipe fabrication and installation, steel fabrication and erection, modular fabrication and assembly, and plant maintenance. With annual revenues in excess of \$100,000,000, we employ over 500 people across the region.

We have 43 years of experience in completing construction, maintenance, and fabrication projects of all sizes, including turn-key projects in excess of \$40,000,000. Due to our size and wide range of experience, we have been able to retain the region's most respected estimators, project managers, supervisors, and craftsmen in-house. In fact, almost all of our key personnel have over 20 years of experience with Pioneer.

Going hand-in-hand with Pioneer's experience is our commitment to safety. Safety is Pioneer's top priority, and our goal is zero accidents on every project. As a credit to our safety team, we are annually recognized for excellence in safety at the local, state, and national levels.

Along with our commitment to safety, Pioneer is committed to delivering high quality services and products in a timely manner, and our name must represent quality to everyone who does business with us. We maintain ASME & National Board Stamps S-U-R-NB, ISO 9001:2015 Certifications, and AISC Steel Fabricator Certifications. Additionally, we maintain API 1104 certifications.

We operate four fabrication shops in the Marietta, Ohio area, where we perform all types of pipe, structural steel, miscellaneous steel, and modular fabrication and assembly. In total, we have over 300,000 square feet of fabrication space under roof.

Pioneer Pipe / Pioneer Group

Safety Program

We are committed to making safety an essential part of every task performed on our projects, and we strive to ensure the overall safety of our employees, customers, and the surrounding community. With that goal in mind, we have committed our resources and personnel to a comprehensive safety program, which includes:

- The appointment of a Director of Environmental, Health, and Safety, who directly reports to our President and Chief Executive Officer.
- The hands on, daily involvement of our President and Chief Executive Officer with the Safety Department.
- The employment of full-time Field and Shop Safety Managers.
- Providing our employees with a 100% Drug Free Workplace.
- Providing a Supervisor's Training Program and conducting weekly toolbox talks that emphasize employee involvement.
- Developing, implementing, and continually working to improve our safety programs, manuals, and procedures to provide our employees with the most up-to-date safety, health, and environmental guidelines.
- Serving as an active member of the Mid-Ohio Valley Safety Council.

Pioneer Pipe / Pioneer Group

Safety Awards

- Recipient of 29 National Zero Injury Safety Awards from the NMAPC for completing large scale projects under the National Maintenance Agreements with zero injuries
- Recipient of 17 National TAUC Thomas J. Reynolds Awards for excellence in construction safety & health
- Annually recognized by the Mid-Ohio Valley Safety Council for excellence in safety & health

Quality Certifications

CERTIFICATE OF AUTHORIZATION

The named company is authorized by The American Society of Mechanical Engineers (ASME) for the scope of activity shown below in accordance with the applicable rules of the ASME Boiler and Pressure Vessel Code. The use of the ASME Single Certification Mark and the authority granted by this Certificate of Authorization are subject to the provisions of the agreement set forth in the application. Any construction stamped with the ASME Single Certification Mark shall have been built strictly in accordance with the provisions of the ASME Boiler and Pressure Vessel Code.

COMPANY:
Pioneer Pipe, Inc.
 2021 Hanna Road
 Marietta, Ohio 45750
 United States

SCOPE:
 Manufacture and assembly of power boilers at the above location and field sites controlled by the above location

AUTHORIZED: September 10, 2021
EXPIRES: September 10, 2024
CERTIFICATE NUMBER: 23884

Ronald B. Coffey
 Board Chair, Conformity Assessment

Paul D. ...
 Managing Director, Conformity Assessment

The American Society of Mechanical Engineers

CERTIFICATE OF AUTHORIZATION

THE NATIONAL BOARD OF BOILER & PRESSURE VESSEL INSPECTORS

Certificate of Authorization

This is to certify that
Pioneer Pipe, Inc.
 2021 Hanna Road
 Marietta, Ohio 45750
 United States

is authorized to use the R Symbol in accordance with the provisions of the National Board Inspection Code and NB-415, Accreditation of R-Register Organizations.

All activities within the scope of this Authorization shall be controlled by the above location.

The scope of this Authorization is limited to:
 Metallic Repairs and Alterations At Shop and Field Locations

Certification Number: 1957
 Issue Date: August 30, 2021
 Expiration Date: November 19, 2024
 Executive Director: *[Signature]*

THE NATIONAL BOARD OF BOILER & PRESSURE VESSEL INSPECTORS

Certificate of Authorization to Register

This is to certify that
Pioneer Pipe, Inc.
 2021 Hanna Road
 Marietta, Ohio 45750

is authorized to apply the "NB" mark and register boilers, pressure vessels or other pressure retaining items with the National Board.

The scope of Authorization is limited to items manufactured in accordance with:
 ASME Designator(s): S, U

Issue Date: November 28, 2018

This Certificate of Authorization to Register will remain in effect as long as the manufacturing organization holds a valid Certificate of Authorization issued by the American Society of Mechanical Engineers.

Pioneer Pipe / Pioneer Group

Fabrication Shops

- We perform all types of pipe, steel, and modular fabrication at our four shops located in the Marietta, Ohio area
- Over 300,000 total square feet of fabrication space under roof
- Day and night shifts
- Stainless only facility

Pioneer Pipe / Pioneer Group

Pipe Fabrication

- Pipe assemblies up to 120" in diameter
 - Carbon Steel
 - Stainless
 - Chrome
 - Fiberglass
 - Jacketed
 - Hastelloy
 - Titanium
 - Aluminum
 - Inconel
 - Monel
- Pressure Vessels
- ASME/NB Stamps
 - S-U-R-NB
- API 1104 Certifications

Pioneer Pipe / Pioneer Group

Carbon Steel Piping

- All grades (A106, A53B, API5L)
- Schedule 5 through heavy wall up to 3" minimum wall
- Spiral wound pipe including manufacturing of mitred fittings
- Rolled plate pipe including seam welds

Pioneer Pipe / Pioneer Group

Stainless Steel Piping

- All grades including 304, 316, 2205, and duplex stainless
- Schedule 5 through schedule 160
- Manufacturing of mitred fittings
- Rolled plate pipe including seam welds
- Stainless only facility

Pioneer Pipe / Pioneer Group

Chrome Piping

- All grades including P5, P11, P22, and P91
- Schedule 40 through heavy wall up to 3" minimum wall
- Positive material identification
- Post weld heat treatment

Pioneer Pipe / Pioneer Group

Structural Steel Fabrication

- Structural steel framing, girts, trusses, towers and bents, etc.
- All grades including A992, A572 Grade 50, A500 B, and A36
- Major fabrication equipment:
 - Peddinghaus PCD 1100 Beam Line
 - Peddinghaus 1100 DG Saw
 - Controlled Automation Angle Line
 - Verson 200 Ton Brake Press
 - Dragon A250 CNC Plasma Tube & Pipe Cutter
 - Torchmate CNC Plate Cutter

Pioneer Pipe / Pioneer Group

Miscellaneous Steel Fabrication

- Pipe supports
- Pipe hangers
- Platforms
- Catwalks
- Stairs
- Handrail
- Ladders
- Plate work
- Chutes
- Hoppers
- Machinery bases
- Well head covers
- Stair pans
- Anchor bolts
- Safety gates
- Joists and decking
- Trash Screens
- Grating

Pioneer Pipe / Pioneer Group

Modular Fabrication and Assembly

- Fabrication and assembly of modular components:
 - Pipe Racks / Pipe Skids
 - Process and Power Skids
 - Stainless Process Skids
 - Compressor Expansion Skids
 - Compressor Piping Skids
 - Slug Catcher Assemblies
 - Condensate Pump Skids
 - Dehy Skid Assemblies
 - Launchers / Receivers
 - Flow Control Skids
 - Mainline Valve Assemblies
 - Valve Racks
- Controlled shop environment:
 - Maximizes safety and quality
 - Minimizes project cost
 - Shortens project schedule
 - Reduces on-site labor demand

Shop Capacity

Pipe Fabrication	Shop Capacity (Total)
Man-hours Per Month	20,000
Spools Per Month ¹	5,000

Steel Fabrication	Shop Capacity (Total)
Man-hours Per Month	10,000
Tons Per Month ²	1,000

¹Based on 20' spools with two welds per spool, standard weight, 4" diameter pipe, non-premium time.

²Based on medium to heavy structural steel fabrication, non-premium time.
